Lean in Stakeholder Management

by: **BRUCE BADER**
President, B. Bader & Associates

CONTENT SUMMARY

This presentation will bring together two streams of thought for first-line manager decision-making. The first is the quality system model, in particular, Lean operations. The second is Stakeholder Theory. Both streams have been identified as ways to improve value of the organization. Previous studies disagree regarding whether they can work together. The potential problem of having a poor balance of Stakeholders and Lean waste is that exclusive focus on one may result in less awareness of the other, in which case value can be lost by the organization.

NOTE: there is NO roundtable discussion this month at Alioto's.

CONTENT SUMMARY (cont.)

The results of a research survey will be presented along with a decision-making model developed that incorporates lean and stakeholders for organizations that perceive themselves as Lean and have multiple diverse Stakeholders. Two case studies will be presented that show how organizations have used this model to prevent Lean from being overlooked when stakeholders make demands.

SPEAKER BIOGRAPHY

Bruce Bader is a consultant with over 40 years of experience working in paper, plastics, polymers and paint industries holding various engineering and management positions. Assisting non-profit organizations in the application of statistics is another of his roles. He is a six sigma master black belt and holds an ASQ certification as a Manager of Quality/Organizational Excellence.

He has presented at local and national ASQ conferences. He has taught courses at graduate school and industry in statistics. These courses have been for beginners and advanced students.

Bruce has written articles for *Quality Progress*, *The Journal for Quality and Participation*, and other publications.

He earned a PhD in quality management systems from Indiana State University. He earned an MBA from Northern Kentucky University and a B.S. in Chemical Engineering from Grove City College.

Science Fair ASQ Award Winners

Science Fair ASQ Award Winners Raveena Mishra and Danavi Wollin shared their award winning projects with ASQ members before dinner. The 67 Science Fair projects were judged for effective use of Quality Tools and John Hankwitz presented our two winners with \$500 awards.

Raveena Mishra's compared efficacy of natural antibiotics like turmeric and cloves in her project

Danavi Wollin studied the causes of the hot-tearing tendencies of aluminum cast alloys poured into sand molds in his project

ASQ Milwaukee Receives Silver Performance Award

The Performance Awards & Recognition (PAR) committee announced that the Milwaukee Section 1202, received Silver award recognition for 2017. This level was achieved by meeting the good standing requirements as well as meeting or exceeding the Member Leader Engagement, Member Value, and Increase in Growth % metrics. The PAR Committee thanked the leadership team for all the hard work provided to Section members this past year, as well as to ASQ. The PAR Committee wrote:

Congratulations to everyone at the Milwaukee Section, 1202 for your achievements. We are proud of your service to ASQ, and continue to look forward to what is ahead from your members.

2017 Performance Awards and Recognition Performance Silver

CALL for NEWSLETTER and WEBSITE ADVERTISERS!

We are looking for additional newsletter and website advertisers! Advertising with the Milwaukee section promotes your products and services to its members and anyone who visits its website. In addition to having extremely competitive advertising rates, each company who advertises with ASQ Milwaukee may send one employee, free of charge, to one day of training at its annual spring training event!

As an additional incentive, we are offering a free dinner to anyone who connects us with a company that becomes a paid advertiser!

For details regarding advertising, e.g. rates, please use the link below:
